Hayes "This decidedly readable, informative book is perfectly suited for a range of audiences, from the novice graduate student not quite ready for SEM to the advanced statistics instructor. Even the

Introduction to Mediation, Moderation, and Conditional ...
Methodology In The Social Sciences : Introduction to Mediation, Moderation, and Conditional Process Analysis : A Regression-Based Approach. New York, US: The Guilford Press, 2013. ProQuest ebrary.

Hayes, Andrew F., Methodology In The Social Sciences ...
Moderation is a way to check whether that third variable influences the strength or direction of the relationship between an independent and dependent variable. An easy way to remember this is that the moderator variable might change the strength of a relationship from strong to moderate, to nothing at all.
