Service Manual Electronic Shower

The Mira Play is an electric shower with separate controls for power selection and temperature/flow adjustment. A unique flow regulator stabilizes temperature changes caused by water pressure fluctuations. These can result from taps being turned on or off, or toilets being flushed. An individual light indicates "POWER ON".

Showers Parts and Service Guides - Bradley Corp

In a regular shower mixer, the temperature of the water is set manually by making use of manual controls. Whereas in a digital shower mixer, the user can set the temperature of the water with the touch of a button. The control of water temperature in a digital shower not only offers convenience but also provides precise control.
