The Boy In 7 Billion

"The Boy In 7 Billion" is the extraordinary story of Deryn Blackwell, who was diagnosed with leukaemia at the age of ten and a couple of years later with Langerhans sarcoma as well. The story is beautifully told and I can only imagine the pain the family has suffered as they watched treatments perpetrated on Deryn with different degrees of success.

The boy in 7 million is about a 10-year-old boy, Deryn, who contract two rare forms of cancer. The story is about his journey through the traditional cancer treatment system, which included several bone marrow treatments.

The Boy In 7 Billion: A True Story of Love, Courage and ...

The Boy in 7 Billion. Families & Education. Health & Science. Against all the odds, brave mother Callie Blackwell and her husband Simon saved their terminally ill son Deryn - of that there is no doubt. Their story is reminiscent of 30 years ago in the United States, where the Odone's saved their terminally ill son Lorenzo through research, trial and error, and the eventual development of a treatment for his own 'incurable' illness.

The boy in 7 Billion, a powerful true story written by Callie Blackwell, reveals the extraordinary relationship between a son dying of cancer, and a mother who refuses to give up on him. Her heart-wrenching story chronicles the roller coaster journey of her son Deryn, his battle with a disease that is killing him, and her unwavering determination in keeping him alive.

The boy in 7 Billion - Rise Literary Review

Sometime in late October 2011, the 7 billionth citizen of planet Earth will be born. To mark the event, National Geographic magazine commissioned seven articles that explore the fascinating issues—including demographics, food security, climate change, fertility trends, managing biodiversity—surrounding this topic, which are collected for the first time in this special ebook.

[PDF] The Boy In 7 Billion Download Full - PDF Book Download

In a forthcoming book The Boy in 7 Billion, Callie Blackwell claims that cannabis oil, which she had started giving her son Deryn to relieve his symptoms during a bone marrow transplant for two cancers, actually saved his life when the bone marrow transplant appeared to be failing. Unfortunately, her story appears to be another testimonial that confuses correlation with causation.
