This is an excerpt from my upcoming book, The Prosperity Clock, which covers one of the key cycles that I use in the overall cyclical template, the 20 year Political Leader Death/Assassination Cycle. In the book I show how this cycle has actually been in effect for most of the last 3600 years of recorded history and, based on where I

use the 50 or 60 hertz oscillation of AC power or a 32,768 hertz crystal oscillator as in a quartz clock to keep time. Most digital clocks display the hour of the day in 24 hour format; in the United States and a few other countries, a more commonly used hour sequence is 12 hour format (with some indication of AM or PM).
